AN APPEAL

Date : 29/5/2020

Dear Residents,

We are living in a Society and leading a community life where we have to sacrifice something in the greater interest of all. The liberty and freedom of living in a stand alone house will not be available here in toto. Here we have to live with limitations, because others are around us and in close proximity. They are our neighbors and we have everything in common except the actual area of our flat (house) and the space for parking. We are bound to bear a lot of things. Please decide, whether we have to make it a heaven to enjoy and live in peace or make it a hell for our sufferings. Our conscience will definitely prefer a heaven for us. So let us resolve to follow the followings:-

- We will not hurt others either by words or deeds.
 - Have confidence on others and patience for everything.
 - Refrain from misusing the common area in any manner like littering, stacking, obstructing, disfiguring and damaging it in any way.
 - Protect and promote the beauty of our campus.
 - Obey the rules and regulations of the By-Laws and follow the guidelines /instructions/advisories issued by the Society from time to time.
 - Contribute to enrich the living atmosphere in Cosmo Campus.
- and
- Volunteer to serve the Society in the hours of its necessity.

Let us join our hands and try our level best to gift a better Society to our successors.
